VISION
To be a student-centred, dynamic, and innovative, world-class multi-campus college, promoting excellence in teaching and learning, serving diverse communities and producing lifelong learners who can compete globally.

MISSION
To be the premier educational institution in: providing high-quality, affordable and accessible educational programmes serving the needs of business, industry and the diverse campus communities and facilitating the personal and professional development of its students, faculty and staff.

On behalf of the faculty, management and staff of the College of Science, Technology and Applied Arts of Trinidad and Tobago (COSTAATT), I wish to extend a warm and heartfelt welcome to all new students. As an accredited institution COSTAATT offers its students a diverse range of internationally benchmarked academic programmes and services and confidence in the relevance, legitimacy and portability of your COSTAATT credentials.

As the new class of 2012/2013, you join the College community at an exciting phase in its growth and expansion; a phase which is marked by yet another milestone, the opening in January of this year, of our new site in Sangre Grande. This new campus boasts modern facilities for teaching and learning and provides access to tertiary education for previously underserved communities in the north eastern region of the country.

We, at COSTAATT, hold steadfastly to the belief that the development of our nation hinges, in large part, on educational attainment and the expansion of access for all citizens who were previously excluded. Through our diverse range and level of programmes and our flexible admissions pathways, we seek to provide you with the opportunities and the means to embark on your personal journey of transformation through education. We trust that our distinctive curricula will inspire you to academic excellence, build confidence in your own abilities, and stimulate in you, the entrepreneurial spirit which is increasingly recognized, as the hallmark of a COSTAATT graduate.

At COSTAATT, we are committed to providing our students with the best possible programmes and tools to create an optimum environment for learning. In addition, the College takes pride in our state-of-the-art patient simulation laboratories for our flagship programmes in nursing—the only ones of their kind in Trinidad and Tobago and the region. These laboratories, which are critical in providing our nurses with an alternative avenue for essential clinical training, close the current gap in training provision, traditionally offered via placements in the national health care sector.

As the College continues to forge ahead to cement its standing in an increasingly competitive tertiary education landscape, it is also proud to be in partnership with the Ministry of Tertiary Education and Skills Training, to implement Government’s project to establish new nursing and
allied health training facilities in El Dorado in this academic year. Further, as we work towards accomplishing our mandate of broadening access and providing quality programmes to the diverse communities of our nation, we continue to progress plans to establish a presence in Chaguanas when we open the first phase of a new campus in second quarter of 2013.

As the new class of 2012/2013, I encourage you to participate fully in student life at our campuses, and urge you to take full advantage of the range of advising, tutorial and other support services which will certainly assist you, in navigating your studies and in making the most of your college experience. By becoming members of the student council and participating in student government and the wide variety of registered student organizations, you will be able to develop the leadership, communication and collaboration skills, so critical to success in twenty-first century organisations. In addition, our athletics programme will test your mettle as it provides you with the necessary recreational and competitive outlets to balance your academic interests.

I want to challenge you, the newest members of the COSTAATT family, to fully embrace this opportunity to learn, which you have earned and which has been afforded you through the national programme of GATE funding. It is not that long ago in our nation’s history that access to secondary education was restricted, and places at tertiary level were reserved for the privileged few. Today, our leaders invest heavily in the education of all citizens and it is up to you, to take advantage of it not only for your own development and transformation, but also, for that of your communities, the nation and indeed, the world.

In closing, whether you are first time entrants to tertiary education, returning learners, parents or professionals, I once again extend a warm welcome to COSTAATT, and wish to emphasize our commitment to providing the type of academic environment which will help you to maximize your potential and achieve your dreams.

Thank you for choosing COSTAATT.

INSTITUTIONAL PROFILE

The College of Science, Technology and Applied Arts of Trinidad and Tobago (COSTAATT) was legally established as a body corporate by Act No. 77 of 2000. On November 18 2010, the College created history as the first institution in Trinidad and Tobago to be awarded institutional accreditation as conferred by the Accreditation Council of Trinidad and Tobago (ACTT), for the maximum period of seven (7) years. The College, in contrast to other public tertiary level institutions (TLIs), offers four (4) year degrees patterned on a North American model which emphasizes rigorous academic quality standards and holistic development, as key ingredients in promoting student success.

With an enrolment of over eleven thousand six hundred (11,600) students for the 2011/2012 Academic Year, COSTAATT is the largest national public tertiary institution in Trinidad and Tobago. The College awards certificates, advanced diplomas, associate and bachelor’s degrees in a wide range of specialised, technical and academic programmes to full and part-time students. COSTAATT is the premier regional institution offering educational programmes in a number of areas critical to national interest including: radiography, medical laboratory technology, nursing, business and library studies. In addition, the College is the official translation body for the Government of Trinidad and Tobago.

COSTAATT currently provides access to students via the following eight (8) campuses and learning centres, which are strategically located throughout Trinidad and Tobago:

- City Campus (Port of Spain)
- Port of Spain General Hospital (Department of Nursing)
- St. Ann’s Hospital (Department of Nursing)
- North Learning Centre
- Trincity Learning Centre
- South Campus
- Sangre Grande Campus
- Tobago Campus

In keeping with its mandate to increase access, the College opened its doors to a new campus in Sangre Grande in January 2012, and, will soon establish operations at the Academy of Nursing and Allied Health at El Dorado, in Trinidad, a project of the Ministry of Tertiary Education and Skills Training. Earlier this year COSTAATT held an official ceremony to dedicate a 30-acre parcel of land in Chaguanas for the construction of its main campus, where an interim facility is expected to be completed by mid-2013.

In just over a decade, the College has been able to contribute to improving the quality and relevance of tertiary education provision in Trinidad and Tobago, broadening access to tertiary education for previously underserved groups and increasing enrolment in existing and new programme areas.

COSTAATT therefore plays a role of strategic importance in national development and is pivotal to Government’s goal of a 60% participation rate in tertiary education, and by extension, diversification of the national economy and the development of a just and equitable society for all.
The School of Business and Information Technologies provides access to a world-class and work-relevant education, focused on achieving institutional and national goals of workforce development. It is the first and currently only tertiary business school offering an undergraduate degree in Entrepreneurship and an associate degree in Library and Information Studies. In addition through its unique curriculum the school offers a parallel track of study for CISCO or ORACLE certification while pursuing degree options in Information Technology.

The School of Business and Information Technologies consists of two departments:

- Department of Entrepreneurship and Management
- Department of Information Science and Technology

These departments provide the public with a range of academic services to meet a growing number of careers and opportunities locally, regionally, and globally.

Mission

The School of Business and Information Technologies is devoted to the development and preparation of students who are able to confront the challenges of the fast-paced, dynamic work environment. The school produces graduates who:

- Are professional and ethical
- Can solve challenges creatively
- Embrace technological advancement and
- Can adapt to a rapidly evolving world.

We will accomplish this through value-based relationships with the business and national communities, creating a learner-centered curriculum dedicated to student success.
Programmes

DEPARTMENT OF MANAGEMENT AND ENTREPRENEURSHIP STUDIES

The School of Nursing, Health and Environmental Sciences offers programmes in a range of nursing, allied health and environmental disciplines leading to Associate in Applied Science Degrees and Bachelor’s Degrees.

Presently it serves as one of the leading training institutions for professionals in the fields of nursing, radiological sciences, public health, occupational safety, geographic information systems, environmental disciplines, water related courses and medical laboratory technology. Skills development is an essential component of the School’s programmes, enabling students to have practical experience prior to completion. All programmes are developed and updated after close consultation with industry stakeholders, review of industry trends and benchmarking against industry standards ensuring that graduates are regarded highly in the employment sector.

The School of Nursing, Health and Environmental Sciences comprise four departments:
- Nursing
- Health Science Technologies
- Environmental Studies
- Natural and Life Sciences

Mission
- To provide the environment and resources for students to transform their innate desires into tangible careers, applicable to the overall development of the nation.
- To produce confident and competently trained individuals to support key health care policies and initiate change as pioneers in their fields.
- To embrace research as a core requirement to inform professional practice.

Ken Gordon School of Journalism and Communication Studies.

As technology advances, access to and dissemination of information is literally at one’s fingertips. Media consumers are fast becoming media creators without ever stepping foot into mainstream media houses.

Given such an evolving industry, we at the Ken Gordon School of Journalism and Communication Studies are committed to training students to be responsible and knowledgeable consumers and creators of information.

It is our goal to educate high-quality media specialists who can meet the demands of modern journalism and communication practices locally, regionally and internationally. The school creates and fosters an environment where creative, analytical, critical and skilled media, graphic design, public relations and advertising practitioners are born and nurtured.

The Ken Gordon School of Journalism and Communication Studies consists of two departments:

• Department of Communication Studies
• Department of Journalism and Media

Mission
To lift media standards by providing a range of journalism, communication and advertising courses that will prepare students to be ethical, innovative and resourceful professionals capable of contributing to the transformation of media houses, so that they become increasingly more globally competitive and recognised.

(All the aforementioned members of staff are located at North Learning Centre at 6 Alcazar Street, St. Clair)
The School of Continuing Education and Lifelong Learning of COSTAATT comprises five (5) administrative units and is supported by the other four (4) academic schools of the College. The school collaborates with a number of academic and corporate centres in Trinidad and Tobago and within the Caribbean region.

As one of the five schools within the College, the School of Continuing Education and Lifelong Learning offers a wide range of credit and non-credit continuing education and professional development courses to individuals and organizations. Our year-round operations and multiple modes of delivery provide the gateway to lifelong learning for all students. The School is committed to leading change and transformation in Trinidad and Tobago and within the Caribbean through workforce development in many disciplinary areas, encouraging persons to stay current with their workplace needs, thereby improving workplace knowledge, competence and performance.

Through the School of Continuing Education and Lifelong Learning, students can earn graduate diplomas, certificates and professional re-licensure. The focus of the school is to broaden access to opportunities for continuing education and professional development and open the doors of COSTAATT to a diverse range of adult learners.

Mission

The School of Continuing Education and Lifelong Learning aims to expand access to educational opportunities at the College, by offering a variety of short term, flexible programmes aimed at upgrading skills and providing professional development training.
Department of Continuing and Professional Education
The Continuing Education Unit (CEU) facilitates skills development and workforce development training. Training in a wide range of areas is offered via workshops and seminars as well as through certificate programmes which traditionally were offered by other academic schools of the College. Continuing education credits can be awarded for programmes pursued through this unit, as the graduates of these programmes may gain matriculation into COSTAATT programmes and awarded credit transfers with CEU credits earned.

Contact Information:  (Tel: 625-5030 ext.5434; email:jbhagwandeen@costaatt.edu.tt)

Professional Education Unit
The primary focus of the Professional Education Unit is to offer customised training in a number of areas. The unit works with various government ministries, and corporate entities in upgrading the skill level of their staff. The unit has established partnerships with external training institutions and firms to bring world-class training and resources to our local context.

Contact Information:  (Tel: 625-5030 ext.5434; email:jbhagwandeen@costaatt.edu.tt)

Compensatory and Academic Support Services (COMPASS) Centre
The COMPASS Centre was designed as an alternative pathway to tertiary level education for those students who have the aptitude and the desire to pursue tertiary education but are currently academically under-prepared.

The programme offers:
• A range of pre-college courses that are run through the various academic schools based on the area of study students have chosen; and

• Academic support services that help students acquire the basic knowledge, skills and attitudes necessary to function effectively at tertiary level.

The Developmental Advisor
The Developmental Advisor provides psychosocial support to facilitate students’ balancing their personal lives with their academic aspirations. The Developmental Advisor monitors, guides and advises students as they negotiate the challenges of the tertiary level environment. The primary focus is to support students’ academic success and this is done in close consultation with the student as well as the student’s academic advisors/lecturers.

Counselling Services
Through the COMPASS Counselling Service, students can expect:
• A clear explanation of the service offered;
• A request for informed consent prior to any service commencing;
• Continued request for consent as counselling progresses;
• A clear statement of intended outcome(s); 
• A service that focuses on short-term interventions that will involve, in most cases, a limit of six (6) sessions for each presented problem; 
• An explanation of the nature and limits of confidentiality provided by the service; 
• A competent, professional and ethical service free of any form of harassment or discrimination.

**Tutorial Services**

COMPASS Centre offers free tutorial support to the entire college student body irrespective of age or programme. We provide assistance to any student currently enrolled in a credit or a non-credit course at COSTAATT, who requires additional help with coursework.

Students can work in a supportive environment with a full-time or part-time faculty member or peer tutor who will apply proven methods of instruction to enhance learning. Our mission is to support students on their road to academic success.

Contact Information:  (Tel: 625-5030 ext.5334; email: lrampersad@costaatt.edu.tt)

**PLAR Institute**

The Prior Learning Assessment and Recognition (PLAR) Center enables the award of transfer credits to students, based on their experiential knowledge or any other non-formal learning they might possess. Applications for PLAR should be in the form of portfolios which should satisfy several criteria for the award of college-level credits for prior learning.

They should:
• Relate the content of learning to subject areas traditionally taught in colleges; 
• Demonstrate what was learned is at a level of achievement equal to what is commonly recognised by (other) colleges; 
• Compare specific learning to that acquired in college-level curricula; 
• Relate learning to a personal goal that requires college-level learning; 
• Identify learning acquired after high school, expected for professional acceptance.

All students wishing to access PLAR, are assigned a portfolio advisor who will guide the compilation of the portfolio/PLAR application. All PLAR applications will be assessed by subject-area experts trained in PLAR assessments.

Contact Information:  (Tel: 625-5030 ext.5423; email: melie@costaatt.edu.tt)

**Translation & Interpretation Unit**

The Translation & Interpreting Unit (TIU) has been providing translation and interpreting services to cooperate and public clients. COSTAATT has been recognised as the official translating agent by the government of Trinidad and Tobago. The unit also offers customised training in foreign languages and offer certificate level qualification in foreign language studies. The unit will soon be providing immersion opportunities for persons pursuing studies in foreign languages through summer institutes.
Translation Services: Official and certified translation services are offered as follows:
- English into Spanish and back into English
- English into French and back into English
- English into German and back into English
- English into Dutch and back into English
- English into Portuguese and back into English

Interpreting Services: Interpreting in its various modalities is offered from:
- English into Spanish and back into English
- English into French and back into English

Contact Information: (Tel: 625-5030 ext. 5271; email: wsandy@costaatt.edu.tt

The Division of Student Affairs

Message from the Vice President, Student Affairs

The Division of Student Affairs is intent on being highly regarded for our services and our commitment to student development. We seek to offer our students significant integrated experiences which will enable them to make a positive impact on their communities and our nation. In this context, the Division strives to advance the mission of the College by seeking to create an environment which fosters personal growth, encourages community engagement, promotes good citizenship and inspires students to academic excellence. To excel at this, we recognise the need to develop closer ties with our student body and to facilitate a process through which we solicit and receive continuous feedback from our students.

As COSTAATT continues to play a critical role in the development of Trinidad and Tobago, we are dedicated to the task of preparing our students to become leaders for the twenty-first century. We are acutely aware of our role in transforming Trinidad and Tobago, and so, take quite seriously, our aim to ‘transform lives, transform communities and transform the nation one student at a time’. This is not just our motto, but an expression of the undergirding philosophy through which COSTAATT achieves its mission. It is indeed our reason for existing.

The Division of Student Affairs remains central to the development of our students and places great emphasis on the importance of creating the right learning environment. We are comprised of five departments which all have scheduled supportive activities throughout the academic year. Do feel free to stop by our Enrolment Management Department; the Office of the Registrar; our Career Management Services Department; the Student Life and Athletics Department; and the Department of Health and Counseling Services to find out more about their offerings to students. For your convenience, we have highlighted some pertinent information for you in this booklet. Do review carefully, as many aspects are critical to effecting your smooth transition through the academic semesters.

It is with great pleasure that we welcome you to the start of your journey with us. We do anticipate that your stay will be both rewarding and enjoyable.

Dr. Camille Samuel
Vice President, Student Affairs
OUR VISION

To be highly regarded for our services to students and for our commitment to student development. To offer students significant integrated experiences which will enable them to make a positive impact on their communities and on the nation.

OUR MISSION

The Division of Student Affairs advances the mission of the College by seeking to create an environment which fosters personal growth, encourages community engagement, promotes good citizenship, and inspires students to excellence.

OUR CORE VALUES

People – we value our students, employees, our institution, communities

Excellence – the need to strive for personal, academic, and professional best

Honesty and Integrity – essential in a learning environment. Includes civility, fairness, respect

Inclusiveness – team work is important. We depend on each other to accomplish the mission

Learning – ability to appreciate the arts as well as the ability to be meaningfully impacted by the academic efforts of others. Lifelong learning opportunities. Response to community needs for quality and access

Accountability – responsibility for personal and professional actions

Diversity – acceptance, appreciation and celebration of individual differences.
A registered student is one who has enrolled in courses for a given semester; has met all requirements for Government Assistance for Tuition Expenses (GATE) or direct payment of tuition expenses; has paid the College’s institutional fees and has submitted a completed student insurance form in the relevant semester.

Students must register online via my.costaatt.edu.tt or Banner Self-Service on the days indicated in the academic calendar. A student may not register for a course unless all requirements, academic (e.g. pre-requisites) and otherwise, have been satisfied.

Full-time Students

A full-time student is defined as one who takes a course load of twelve (12) or more credits per semester.

Part-Time Students

A part-time student is defined as one who takes a course load of less than twelve (12) credits per semester.

No student will be allowed to attend a course for which he/she has not registered. No student will be assessed and graded in a course for which he/she has not registered.

Changes in Student Status / Registration

Students desirous of making changes to their registration status must complete the relevant forms, which can be obtained from academic departments, the Office of the Registrar or the south and Tobago administrative offices. All forms must be submitted to the Office of the Registrar or administrative offices for processing.

Change to General Student Profile

The table below lists various change requests and provides information on the documentation students are expected to submit with the specific form.

<table>

Add-Drops

Students must log on to the secure area using my.costaatt.edu.tt or Banner Self-Service to Drop/Add classes. Students may Drop/Add from the start of the registration period until the ‘Drop/Add Deadline’ which is stipulated in the academic calendar. Students will not be allowed to Drop/Add courses beyond that date.
Change in Programme/Major

Students who wish to change from one programme to another must seek the approval of the current and future Heads of Department via the Change in Programme Form.

*For GATE funded students, reference is made to item 4 on the ‘Student Terms and Conditions for Tertiary Tuition Funded by GATE’.*

Withdrawal from a Course

A student may officially withdraw from any course without academic penalty, provided that this is done by the stipulated withdrawal deadline indicated on the academic calendar.

Students are advised to pay close attention to the withdrawal deadlines on the academic calendar as there may be financial obligations which accompany these withdrawals.

In order to withdraw from a course, a student must complete the Course Withdrawal Form, seek the approval of the Head of Department and submit the signed form to the Office of the Registrar or administrative office, by the deadline date. Students who withdraw from a course by the stipulated deadline date will receive a grade of ‘W.’ ‘W’ grades have no impact on Grade Point Average (GPA).

**Students who choose to withdraw from a course unofficially will be assigned an “F” grade.**

Withdrawal from the College

In order to officially withdraw from the College, a student must complete the College Withdrawal Form and return his/her ID card to the Office of the Registrar or administrative office.

Students who withdraw from the College are normally entitled to apply for re-admission and must submit an application to the Admissions Office.

**Students who choose to withdraw from the College unofficially will be assigned “F” grades for all registered courses**

*For GATE funded students, reference is made to item 5 on the ‘Student Terms and Conditions for Tertiary Tuition Funded by GATE’.*

Leave of Absence

Students may apply for leave of absence from a programme for medical, personal or financial reasons using the Leave of Absence form. Leave of Absence forms must be approved by the relevant Head of Department and submitted to the Office of the Registrar. Such leave shall not exceed three consecutive semesters or one academic year.

**Students are strongly advised to consult the Finance and Grant Administration Division of the Ministry of Tertiary Education and Skills Training in order to be apprised of the financial implications with respect to GATE.**

*For GATE funded students, reference is made to items 4(ii) and 5 on the ‘Student Terms and Conditions for Tertiary Tuition Funded by GATE’.*
Registry Services

Transcript Requests

Official transcripts can be obtained from the Office of the Registrar at a nominal fee. Requests must be made using the Transcript Request Form, which must be completed and submitted to the Office of the Registrar or the administrative offices at our various campus sites.

Requests for official transcripts can also be made online through Banner Self-Service. Students may also print unofficial transcripts by accessing their academic history online through Banner Self-Service.

Letters of Verification

Requests for official letters to be sent to employers, embassies or other parties must be made via the Letter Request Form, available at the Office of the Registrar or the administrative offices at the Tobago and south campuses.

Replacement of Identification Cards

Students who have had a change of name or whose ID cards have been lost or stolen must make a report to the Office of the Registrar or the administrative offices at the campus sites. Replacement cards are issued at each site at a cost of $15.00.

Holds

Information on the different types of holds is provided below for your information.

<table>

Payment Terms and Conditions

1. Tuition fees:
   • The Ministry of Tertiary Education and Skills Training pays tuition fees for all eligible citizens of Trinidad and Tobago through the GATE programme.

   • In the event that GATE or any form of sponsorship is denied, the payment of tuition fees remains the responsibility of the student.

2. College fees:
   • College fees are charged to the student’s account from the moment the student registers for courses. College fees will not be reversed even if the student subsequently drops or withdraws from all courses for the given semester by the stipulated deadline.

   • College fees are non-refundable and non-transferrable.

3. All students are responsible for the prompt payment of college and tuition fees.
Below is a list of the tuition and institutional fees in effect from September 2010.

<table>

Grading Scheme

A student’s academic standing, and ultimately, grade point average (GPA), is determined by his/her performance on continuous assessment activities, including course work, and final examinations. The College’s grading scheme is set out below:

<table>
<thead>
<tr>
<th>Points %</th>
<th>Notation</th>
<th>Grade</th>
<th>Quality Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>90-100</td>
<td>Excellent</td>
<td>A</td>
<td>4.0</td>
</tr>
<tr>
<td>85-89</td>

<td>Minimum Passing Grade</td>
<td>D</td>
<td>1.0</td>
</tr>
<tr>
<td>0-59</td>
<td>Fail</td>
<td>F</td>
<td>0.0</td>
</tr>
</tbody>
</table>

Additional Non-Credit Grades

In addition to the above, students may also be assigned the following grades which indicate that no credit or quality point value has been assigned:

I – Incomplete

Signifies that the student has satisfactorily completed most, but not all, course requirements due to extenuating circumstances. In order to change an “I” grade, a student must make arrangements with his/her instructor to complete and submit all outstanding work. All work pertaining to an Incomplete grade must be submitted prior to the end of the subsequent semester or the “I” will be changed to an “F”. Further grade changes will not be entertained after the “F” grade has been assigned.

NP – Non Pass

Signifies that a student has not passed a course for which the grade scheme is Pass/Non Pass. No quality point will be awarded, but unlike the “F” grade, this will not affect the Grade Point Average (GPA).

P – Pass

Indicates a passing grade in a course for which the grade scheme is Pass/Non Pass.
T – Transfer credit

Signifies the transfer of credits from one institution to another. Students will be awarded a “T” grade.

W – Withdrawn

Means a withdrawal initiated either by the student or the institution.

Course Withdrawal: In order to withdraw completely and officially from a course, a student must complete and submit the Course Withdrawal form to the Office of the Registrar or administrative office. Students must submit the Course Withdrawal form in compliance with the dates published in the Academic Calendar. *Students who choose to withdraw from a course unofficially will be assigned an “F” grade.*

College Withdrawal: In order to withdraw completely and officially from the College, a student must complete and submit the College Withdrawal form to the Office of the Registrar or administrative office. Students must submit the College Withdrawal form in compliance with the dates published in the Academic Calendar. *Students who choose to withdraw from the College unofficially will be assigned “F” grades for all registered courses.*

Administrative Withdrawal: The College may take action to withdraw a student for reasons, including attendance violations or infringements of academic policy.

X – Audit

Indicates that the course has not been taken for credit. The tuition and fee charges for auditing a course are the same as those for taking the course for credit, but auditing students are not evaluated.

Grade Point Average (GPA), Quality Value and Quality Points

The Grade Point Average (GPA) is an indicator of student academic achievement. A quality value is a number attached to a particular letter grade: for example a grade of A has a quality value of 4. Quality points are calculated by multiplying the quality value assigned to the letter grade by the number of credits earned for a particular course. The GPA is calculated by dividing the total number of quality points earned by the total number of credits taken in any given semester. The cumulative GPA is the average of all the GPAs earned each semester.

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>

<td><strong>45</strong></td>
</tr>
</tbody>
</table>

GPA = Total Quality Points

Total Credits

GPA = 45 = 3.0

15

*Students are required to maintain a 2.0 minimum GPA in order to graduate.*
Transfer Credits

Transfer credits will be considered on a course by course basis. Credits for courses taken at other institutions may be transferred with the approval of the department chair. Students wishing to transfer to COSTAATT must submit transcripts from previous institutions, along with relevant course descriptions. The College will accept transfer credits amounting to no more than fifty percent (50%) of degree requirements for the programme into which the student is transferring. Transfer credits will not be used in the computation of the Grade Point Average (GPA).

Course Load

Full and part-time students, who maintain semester GPAs in the stated ranges, are normally allowed to take the number of courses per semester as outlined in the table below. Students who wish to exceed the stated number must seek approval from the relevant department chair and submit completed forms to the Office of the Registrar.

<table>
<thead>
<tr>

</tr>
</tbody>
</table>

Class Attendance

The College has set a minimum 75 percent attendance requirement for all students. Students who do not attend class regularly are at risk of missing not only key coursework but also continuous assessment assignments, which will impact negatively on their final grade. In addition, students who fail to meet the attendance requirement may be administratively withdrawn and may not be eligible to sit the final examination, unless such absences are supported by valid medical certification and approval from the department chair and school dean.

Standards of Academic Progress

Good Academic Standing

Students are considered to be in good academic standing if they maintain a cumulative GPA of 2.0 or higher.

Academic Warning

Students are considered on academic warning if they have attempted 12 credits or fewer and have a semester or cumulative GPA which is less than 2.0. These students must meet with their academic advisors prior to future registration. Students on academic warning must not register for more than nine (9) credits (full-time), or six (6) credits (part-time) without the written approval of their advisor.

Academic Probation

After receiving academic warning, students will be placed on academic probation for any subsequent semester in which they earn a cumulative GPA of less than 2.0. Students on academic probation must meet regularly with their advisors and must not register for more than six (6) credits (full-time), or three (3) credits (part-time) without the written approval of their advisors.
Students on probation who fail to earn a GPA of 2.0 or higher will be placed on academic suspension for one (1) semester.

**Probation after Academic Suspension**

Students who resume studies at the College after academic suspension, return on probationary status and are required to work closely with their academic advisors to develop an appropriate programme and study plan. Students are limited to a course load of six (6) credits (full-time) or three (3) credits (part-time) during any semester, while on probation. Students must achieve a minimum semester GPA of 2.0 (or minimum C grade).

Students will remain on probationary status for up to one (1) academic year until their cumulative GPA is 2.0 or higher. During this period students are expected to progressively improve their semester GPA to regain good academic standing.

**Academic Dismissal**

Students who fail to regain good academic standing within the prescribed period will be dismissed from the College on academic grounds for one academic year. At the end of the dismissal period, students may petition the relevant school dean for readmission.

**Readmission to College after Suspension and Dismissal**

Students dismissed on the basis of poor academic performance may petition the College for re-entry into the same or another programme of study after the prescribed period of time has elapsed. Students must allow one year from the time of academic dismissal before submitting a new application.

**Repeats**

A student will be permitted a maximum of three attempts per course. The highest grade earned in a repeated course will be computed in the grade point average. However, transcripts will reflect all attempts at a course including corresponding grades. Students who have failed a course twice are strongly advised to speak to their academic advisor or department chair so that an appropriate strategy can be developed for successful completion of the course on the third attempt. Students may not repeat a course to improve their GPA after the award of the degree.

**Grade Corrections**

The responsibility for the academic evaluation of students and the assignment of final grades rests with the lecturer who has been assigned to teach that course. A student who believes that an error was made in the assignment of his/her final grade must contact the course lecturer. The lecturer who assigned the final grade initiates the Change of Grade process. The form is signed by the lecturer and the chair of the relevant academic department and must subsequently be forwarded to the Office of the Registrar.

**Grade Appeals**

The responsibility for academic evaluation and the assignment of grades is that of the lecturer who has been assigned responsibility for a course. A student who feels he/she has been unfairly graded may:

- Appeal the grade to the assigned lecturer, within one week of having received his/her grade.
- If satisfaction is not received, the student may then appeal through administrative channels by:
  - Writing a letter of appeal to the chair of the academic department responsible for the course within two weeks from the date on which the grade was validated in academic history.
  - The letter must include the title of the course and the name of the lecturer, the assignments and/or examination (s), and the grade obtained. The student should give his/her grounds for appeal.
• If the issue is not settled at this stage the student may
  o Complete the Grade Appeal Form
  o Attach evidence of attempts to redress the situation at (i) the level of the lecturer and (ii) the chair of the academic department responsible for the course
  o Pay the requisite fee of $300 to secure the services of an alternate evaluator
  o Submit completed form with attachments to the Office of the Registrar
  o The Office of the Registrar will forward the Grade Appeal form to the relevant Department Chair

• The reviewed grade assigned by the evaluator is final
  o If required, the grade will be changed to reflect the new grade assigned by the evaluator even if the new grade is lower than the original grade.

• All matters relating to grade appeals must be submitted and resolved before the next grade submission deadline

• The Office of the Registrar and administrative offices will not accept Grade Appeal forms submitted after the third week of the semester.

**Academic Awards**

**President’s List**

Students who demonstrate outstanding academic success will be recognized by placement on the President’s list which will be posted at all campuses/sites at the end of every semester.

Full-time students: Earn at least fifteen (15) credits during that academic semester. Cumulative GPA of 3.70 - 4.0, with no grades of “I” or “F”

Part-time students: Earn at least nine (9) credits during that academic semester. Cumulative GPA of 3.70 - 4.0, with no grades of “I” or “F”

**Dean’s List**

The Dean’s List recognizes those students who have achieved high academic standards during each semester. To qualify, a student must meet the following conditions:

Full-time students: Earn at least fifteen (15) credits during that academic semester GPA of 3.4 to 3.69, with no grades of “I” or “F”

Part-time students: Earn at least nine (9) credits during that academic semester GPA of 3.4 to 3.69, with no grades of “I” or “F”

The Department of Student Life and Athletics seeks to provide extracurricular support to our students in the provision of a holistic education for all our students. Further, we strive to create opportunities for leadership and development, promote personal development and growth and provide sporting and physical activity through intramural and intercollegiate sporting and recreational activities by fostering a culture of a “Sports-for-all” throughout the College.

**What are some of the areas in which you can be involved?**

**STUDENT GOVERNMENT**

The student government is a key mechanism through which students acquire the leadership, planning, decision-making and collaborative skills which will help them to become agents of change and transformation. Through participation in the formal student government system, students are able to present their views to college administration and collaborate in building a positive and vibrant learning environment. In addition, student clubs and organizations provide opportunities for students to learn social skills and develop positive relationships with their peers.

**CULTURAL/SOCIAL ACTIVITIES**

Cultural/social activities provide for the creative use of leisure time and a sense of spirit and pride amongst our students. This therefore enhances the promotion of emotional and physical well-being while fostering social, cultural and intellectual development outside of formal instructional programmes.

**REGISTERED STUDENT ORGANIZATIONS (RSOs)**

Registered Student Organisations (RSOs) are student clubs formed by students to assist in their holistic development and the development of their leadership skills. RSOs provide opportunities for students to participate in extracurricular activities through membership in clubs devoted to leisure or academic pursuits. RSOs are established on the recommendation of Students Councils and with the approval of the college administration. Students may apply, using the prescribed forms, to the Student Life and Athletics Department. Student organisations benefit from the guidance of assigned faculty advisors whose responsibility it is to ensure effective student management of RSOs and their activities, including financial administration.
COSTAATT ATHLETICS PROGRAMME

Athletics at COSTAATT plays a major role in the development of our students. Our success in football, basketball, and netball in the UTT Champions League is indicative of the College’s potential to perform at a high standard. The College has embarked on a development programme that now includes cricket and volleyball.

The COSTAATT Athletics plan focuses on student athletics as an integral part of the student’s educational experience, placing the highest priority on the overall quality and on the successful completion of academic programmes.

COSTAATT contributes to the development of athletics at tertiary level through the establishment of collaborative relationships with key stakeholders and our involvement in intercollegiate sporting programmes and competitions. The College is currently playing its part in the development of tertiary sport in Trinidad and Tobago through our involvement in the establishment of the Tertiary Sports Association of Trinidad and Tobago (TSATT).

At COSTAATT we believe that we are capable of establishing the infrastructure for supporting the development of high performance athletics as we seek to become the tertiary institute of choice for student athletes.

“There is something for everyone”

To request further information on our services, or meet with one of our Student Life and Athletics officers please contact us at:

The Department of Health and Counselling Services

The COSTAATT Department of Health and Counselling Services was established in 2002 with a focus on promoting holistic health to our students in the pursuit of academic goals and achievements.

Services Offered

COUNSELLING SERVICES

Counselling services are offered in an environment consistent with all principles of counselling with an emphasis on respect for the person’s privacy and confidentiality. The objective of counselling and therapy is to get the client to understand that the source of control is in the person, to take responsibility for personal contributions to his/her situation, and to get him/her to fully participate in their own healing and work towards a harmonious life.

Notwithstanding that there is an invisible stigma attached to counselling, there are several misconceptions about the nature and intention of this practice. Many people believe that the purpose of counselling is just to talk about the person’s problems, rather than devising active means of solving those problems.

Counselling Services provide assistance to students who may be experiencing emotional and/or psychosocial problems during their period of study. It is important to note that early intervention plays a crucial role in one’s ability to cope and have a positive outcome in the face of adversities. Early Intervention allows a person to manage a condition before
it becomes entrenched or chronic. In this way a Counsellor may arrest the decline of a condition thus, preventing further damage or deterioration.

The Department wishes to encourage students (individual or groups) who may be experiencing difficulties to seek early intervention with the Campus Counsellor.

**Accessing Counselling Services**

The main office of the Department of Health and Counselling Services is located at the City Campus. However, campus counsellors are available at all other campuses and sites.

At City Campus, referrals can be made by the campus liaison/faculty member who will arrange an appointment with the Campus Counsellor through the Department of Health and Counselling Services. Students can also visit, call or email the Department for an appointment. In an emergency situation, no appointment is needed; students may walk in.

At all other Campus sites, students may be referred by faculty or they can visit or call the office of the Campus Director and liaise with the Coordinator who will schedule appointments for the counsellor. Students can also email the department to set up appointments.

Students are encouraged to keep all appointments made to see the Campus Counsellor. Appointments should only be cancelled in an emergency situation and the department must be notified at least two hours before the scheduled appointment.

COSTAATT is committed to providing all students with counselling services and support where necessary. If however further intervention is required, students will be responsible for seeking counselling services external to the College.

**HEALTH AND WELLNESS PROMOTION**

**Seminars**

During the academic year, seminars on Health and Wellness promotion are offered at each campus. These are facilitated by trained personnel and the Ministry of Health who specialize in their respective areas:

- Healthy Lifestyles (e.g. Nutrition, HIV/AIDS and Substance Abuse)
- Primary Health Care (Chronic Non-communicable diseases survey)
- Good Mental Health (e.g. Stress, Time and Anger Management and Managing Depression)
DISABILITY SERVICES

COSTAATT provides equal educational opportunities with reasonable accommodations for qualified individuals who are differently-abled. The College can provide enhanced access to the educational processes for students who disclose and can document their disabilities. For such a student, we offer appropriate accommodations to facilitate success. Students with physical, mental or learning disabilities should contact the Department of Health & Counselling Services for assistance if any special accommodation is needed.

It is the policy of COSTAATT that discrimination against individuals with disabilities is prohibited.

SICK BAY SERVICES

The Sick Bay is available to all students who may become ill while at campus. The services offered are appropriate for short term and minor emergencies (basic first aid). Where necessary, arrangements would be made for the ill student to be transported to a Hospital or a preferred medical practitioner/health care provider. In such instances, parents, guardians or spouses will be contacted immediately.

The college does not provide primary health care and therefore ought not to be considered as a substitute for physicians or other health care providers. Any costs of the visits to a health institution/medical practitioner would be borne by the student.

The sick bay services are available to all students at all campus sites.

Further information on services offered at all campus sites can be obtained during orientation at your specific site.

OTHER SERVICES OFFERED BY THE DEPARTMENT OF HEALTH AND COUNSELLING SERVICES:

• Peer Counselling Training
• Referral of students with Social Issues to Government Agencies
• Testing- Blood Pressure and Blood Sugar
• Facilitating students with class projects (health articles)
• Distributing health related brochures
• Answering queries as it relates to health concerns

The Department of Health and Counselling Services supports the Academic Division in ensuring that we provide care that would contribute significantly to the social, emotional, academic and physical development of our students. We believe that we have the ability to empower students to embrace their full potential to achieve both personal and academic aspirations.

To request further information on our services, or schedule an appointment with a counsellor, please contact us at:

Career planning is a process, which includes being informed about oneself and the environment. It involves choosing a career, obtaining a job, growing in the job or maintaining a career, and eventually retiring or exiting the job market. This may happen once in an individual’s lifetime, but it is more likely to happen several times as you first define and then redefine yourself and your goals.

Career planning is an ongoing process. Regardless of age, it is important to assess where you are if you’re going to meet your goals and turn your dreams into reality. Developmental interventions/initiatives will vary – For example, an unskilled worker with little education or experience in the workforce has different needs from a recent college graduate seeking to launch a first-time professional or technical career. An older adult with educational credentials and years of experience, but who is in transition because of a layoff or an employer’s reorganisation, faces a different set of issues. Everyone can benefit from the process of self-assessment, exploring career opportunities, and learning effective and assertive job search strategies that produce results.

The Career Planning Process

Stages of the Career Planning Process

1. Self-Assessment / Knowing Yourself
Discover your interests, skills, personality traits, and values. The Holland Test or the Myers Briggs Type Indicator (MBTI) are examples of the assessment tools used in this stage.

Some of the questions to be asked at this stage are:

- What do I like to do?
- What activities do I find fun, motivating, interesting and enjoyable?
- What skills and abilities do I have or want to develop?
- What personal style or characteristics do I have that are important to me in the work place?
- What purpose or goal do I want to accomplish in my career?
Activities associated with this stage

Holland Self-Assessments: This form of evaluation essentially assists you in determining possible career options based on your interests, personality, competencies and values. Students can make an appointment to visit one of our COSTAATT Career Advisors, who would be willing to assist you in conducting a self-assessment test.

2. Career Exploration
Investigate all your career choices, options, and opportunities available to you based on the results of your self-assessment. Research careers that interest you to determine how to prepare for them and how much training and education are required to be successful. After gathering the information, set goals to attain the required training.

At this stage, opportunities to speak to professionals in your chosen field will be provided where you can ask questions such as:

* How did you get started in this career?
* What is a typical day like?
* What type of training or education is required?
* What are the starting and average salaries?
* How can I make myself more employable?

Activities associated with this stage

Career Library and Resources: COSTAATT’s extensive collection of career materials can be accessed either on campus or online through the college’s portal. Labour market information, duties and responsibilities of occupations and other career information will be made available to you. Students can visit their Career Advisor or Placement Officer to access career information that may be relevant to them.

3. Experiential Learning/Education
Gain experience through interim employment, internships and even volunteering. Students can become active in co-curricular and extracurricular activities to develop additional competencies/knowledge that are required in the workplace. Some of these competencies include:

* Interpersonal skills
* Understanding team dynamics
* Understanding diversity
* Professional etiquette
* Time management

Activities associated with this stage

Work-Study Programme: This program is intended to allow you to develop through experiential learning opportunities while on campus. It consists of both the work-study trainee and the student ambassador. The Work-Study trainee is intended to provide students with the relevant experience in their field of study while working on campus. The Student Ambassador role allows students to act as college brand ambassadors and leaders. If you would like to receive work-study handbooks and application forms, make a request by sending us an email at careerconnection@costaatt.edu.tt.

Internships: COSTAATT recognises that participation in internship programmes is a critical part of preparation for the world of work. All students (with the exception of those pursuing degrees with an integrated internship or practicum) are encouraged to register for internships advertised through the College or to seek assistance in sourcing internships of their own. All internship programmes provide students with an opportunity to integrate theory with practical experience and acquire skills/competencies relevant to their areas of study. Visit your Placement Officer to find out more about internship opportunities.
4. Job Search
Once you’ve decided on a career path and have taken the necessary steps to obtain the required training and education, prepare yourself to begin searching for a job. Job searching skills include:

Writing a resumé and cover letter
Networking to find job openings
Completing a job application
Interviewing successfully for a job

Activities associated with this stage

Workshops: The Department of Career Management Services offers several workshops intended to assist you in developing the required competencies to obtain and maintain professional positions. These include: Resume writing, time management, professional development, interviewing skills, job search strategies and conflict resolution. Workshop schedules will be sent via your student email.

Placement Services: As part of its commitment to supporting students’ transition to the world of work, the Department of Career Management Services will host an online recruitment service featuring a database of job vacancies for registered student subscribers. In addition, it will offer on-campus recruitment and networking events, career explorations and job fairs. Look out for our vacancy postings via student email or visit your placement officer for information on job vacancies.

Career Preparation: Through individual coaching and access to online career guidance software, students will be able to analyse personal attributes and assess aptitudes for particular careers. Students will be able to benefit from support in designing job search strategies, and training in CV/resumé preparation and interview skills. In addition, the department hosts workshops and seminars on self-development and soft skills relevant to the workplace, such as time management and workplace communication. Schedule an appointment with your career advisor or placement officer for further information.

5. Career Management
Career management is applying/executing what was learnt in the previous stages of the career planning process to achieve career goals. Career management is not a singular event but a continuing process that is a necessity for adapting to the changing demands of a dynamic socioeconomic environment.

To request further information on our services, or schedule an appointment with a career advisor or a placement officer, please contact us at:

careerconnection@costaatt.edu.tt
(868) 625-5030 Ext. 5201, 5217, 5313

Students can also visit our Career Coach Lori at: www.facebook.com/careerwatchbylori
All students are required to read and familiarize themselves with and conform to college rules and regulations governing student conduct. The Student Code of Conduct is premised on the principles that the College is committed to:

• creating a stimulating and safe environment for learning, growth and personal transformation;
• upholding values that promote integrity and quality in teaching and learning; and
• creating the conditions for fair and just treatment of all members of our diverse college community.

The College’s authority over student conduct extends to any college-sponsored activity, whether it takes place on or off campus. Students may be subject to disciplinary action for infringement of the College’s rules and regulations.

The following constitute actions which may be considered a breach of the Student Code of Conduct:

**ABUSE OF PRIVILEGES PERTAINING TO THE USE OF COMPUTERS**
Unauthorised use of another individual’s identification and password; unauthorised entry into or transfer of computer files; cyber stalking; hacking into or otherwise interfering with the operations of the College’s computer network; or abusing computer time.

**ACADEMIC DISHONESTY**
Engaging in academic dishonesty, which includes cheating, plagiarism or any other activity related to the misrepresentation of someone else’s work as one’s own, or using tools or other resources to secure an unfair advantage during an assessment.

**BREACH OF CAMPUS SAFETY AND SECURITY**
Unauthorised access or entry to college premises or restricted access areas within the premises; unauthorised possession of college keys or access cards; tampering with fire safety equipment; or parking vehicles so as to obstruct access to college buildings.

**CONSUMPTION OF ALCOHOLIC BEVERAGES AND USE OF ILLEGAL SUBSTANCES**
Use, sale or possession of alcoholic beverages or controlled or illegal substances, on college premises, at college events or while representing the College is strictly prohibited.

**DISORDERLY AND DISRUPTIVE CONDUCT**
Acting in a manner that is disruptive, lewd, or disrespectful; using vulgar or profane language; openly and persistently challenging or circumventing college authority; participating in or promoting behaviour that interferes with teaching, or any other college events or activities.

**FALSIFICATION OF INFORMATION**
Furnishing false information; unauthorised alteration or misuse of any document, record or instrument of identification; knowingly withholding required information from the College; or falsely claiming to represent the College or a student organisation or club.
**GAMBLING**
Wagering of money or other items while on college premises.

**HARASSMENT**
This activity includes any unwelcome verbal, written or physical contact of a sexual or non-sexual nature which intimidates, causes discomfort to or humiliates the victim; touching a person against his/her will; threatening violence to a person; using a position of power to attempt to influence an individual by threatening possible positive or negative consequences for academic or employment outcomes.

**INFRINGEMENT OF STUDENT ORGANISATION REGULATIONS**
Violating college regulations concerning student organisations and clubs.

**PHYSICAL BATTERY**
(including but not limited to sexual battery)
Assaulting, battering, abusing or threatening another person with force on college premises or at college events.

**POSSESSION OF WEAPONS**
Possession or use of firearms or other weapons while on college premises.
The definition of a weapon includes but is not limited to, all firearms, knives, explosives, explosive fuels, BB guns, dangerous chemicals and fireworks.

**STALKING**
The repeated and unwelcome pursuit of another person including following and cyber stalking with the intention of harming, arousing anxiety or fear.

**THEFT**
Theft or possession of stolen property; misappropriation of college funds.

**UNAUTHORISED ADVERTISING, SALES AND FUNDRAISING**
Students may not use the College’s name, grounds or premises to transact business for personal gain. Registered student clubs and organisations wishing to conduct fundraising activities must apply for and secure approval from the relevant college authorities. Students may not post advertising materials on the College’s bulletin boards unless the material has been approved by the relevant college authorities.

**VANDALISM AND LITTERING**
Intentional destruction, defacement or misuse of college property; littering on college premises.

**GUIDELINES FOR APPROPRIATE ATTIRE**
It is intended that the following should serve as a guide to students with respect to the College’s expectations in terms of standards of dress.

COSTAATT is committed to producing workplace ready graduates and in this regard encourages students to acquire the habit of dressing appropriately in preparation for employment or professional placements.

While students who do not adhere to these guidelines are not considered in breach of the Student Code of Conduct, disregard for these practices is actively discouraged.

Discipline Specific Attire. Some disciplines such as nursing and allied health, have mandatory dress requirements which must be adhered to.
The College provides various technological and other resources to facilitate integration of teaching and learning and to promote student success. Students are encouraged to take advantage of these resources in order to maximize learning at both the curricular and co-curricular levels.

**COMPUTER LABS**
State-of-the-art computer lab facilities (MAC and PC) are available to students at all of the College’s campuses and sites, for both instructional and open access purposes. All computer labs have Internet connectivity and are installed with the latest computer software. COSTAATT is currently a Microsoft Academic licensed institution and students may purchase Microsoft software from the College for their personal use, at a minimal fee. In addition, the College has outfitted several special purpose labs which are designed to ensure that students acquire the necessary discipline-specific practical skills for the workplace.

**SMART CLASSROOMS**
The College has invested significantly in computer hardware, software and educational technologies which assist in the delivery of teaching and learning. The majority of classrooms at the College are equipped with the latest multimedia resources and, where necessary, media carts are available for use by students. In addition, Level II SMART classrooms at the City Campus will, in the near future, be outfitted to facilitate synchronous delivery of lectures at multiple sites.

**E-CLASSROOM**
COSTAATT is committed to embracing the best in technology in order to aid and improve classroom interaction and learning, and to expand access to students who may not be able to attend classes at one of our campuses or sites. The College’s e-classroom allows lecturers to deliver instruction, manage student discussions, administer quizzes and examinations, and provide immediate feedback on performance to students in a secure internet-based environment. Some faculty utilise the e-classroom to facilitate online class discussions or to post class notes to enhance face-to-face courses. Others use the environment to offer fully online or blended courses.

**TUTORIAL CENTRES**
The tutorial centres at the College provide support to students who need extra help in understanding concepts presented to them during classroom instruction. The centres are staffed by faculty members who facilitate tutoring services in mathematics and English. In addition, it is equipped with laptops so that students can access and work through online tutorial materials in mathematics and English at their own pace.

**GUIDELINES FOR USE OF PHOTOCOPY MACHINES**
1. For staff-assisted copying, requests for copies must be submitted on the prescribed form at least one (1) day in advance of the date for which the copies are required.
2. Self-Service photocopying is available with the use of a Venda card which can be purchased at the Circulation Desk.

**LIBRARY**
Libraries in the north are located at the City Campus, the North Learning Centre, the Port of Spain General and St. Ann’s Hospitals. Libraries are also located at the Trincity Learning Centre in the East, at the South Campus in San Fernando and at the Tobago Campus in Scarborough.
Please see Library Services User Guide for Library Opening Hours for our various campuses.

**TEXTUAL RESOURCES**
Libraries at the College’s campuses and learning centres have a combined book collection of more than 30,000 volumes.

**LIBRARY E-LEARNING RESOURCES**
The COSTAATT libraries’ electronic resources network includes an online catalogue (COSPAC); access to over 21,000 full text journals from EbscoHost, OCLC FirstSearch and Gale Cengage’s Academic OneFile, as well as a small collection of 198 e-books. In addition, as members of OCLC, the libraries also have access to 3,457 e-books.

Registered users can utilise these resources by accessing networked or wireless computers in the libraries at the City, South and Tobago campuses. Access to the EBSCO databases is available 24 hours per day, seven days per week from any computer that has an Internet connection.

The online catalogue, COSPAC which is accessible through the college’s website – www.costaatt.edu.tt or directly at http://opac.costaatt.edu.tt, provides easy access to the collections.

All new students are required to attend a library orientation session during orientation week and must also consult the Library Services Guide for information on circulation and reserve materials.

**INTERLIBRARY LOANS**
Loans from other institutions’ libraries are available through Interlibrary Loan (ILL) at no cost to students. ILL materials may be requested at the circulation desks.
LIBRARY SERVICES

COSTAATT Library Services include the following locations:

1. The City Campus Library
2. The Sangre Grande Campus Library
3. The South Campus Library
4. The Tobago Campus Library

In addition, the College maintains three (3) collections in libraries owned by other institutions. They are as follows:

- The Department of Nursing, Port of Spain collection located in the Ministry of Health, School of Nursing library at the Port of Spain General Hospital
- The Department of Nursing, St. Ann’s collection located in the Ministry of Health School of Nursing library at the St Ann’s Psychiatric Hospital
- The East Campus collection located at the Bishops Anstey High School / Trinity College East library, Trincity.

Accessing COSTAATT Library Resources

REGISTRATION
The institutional ID card must be presented for registration and all library transactions.

Student Registration:
i. Submit a valid COSTAATT identification card to staff at the Circulation Desk for barcoding. The current semester sticker must be displayed on the Identification card.

ii. Fill in the official COSTAATT Library Services registration form and submit the completed form and a passport-sized photo to staff at the Circulation Desk.

Faculty and Staff Registration:
i. Submit a valid COSTAATT identification card to staff at the Circulation Desk for barcoding.

ii. Submit one passport-sized photograph and a letter from the Chair of the Department stating that he/she is a member of staff.

DEADLINE DATE FOR FACULTY REGISTRATION
Faculty will be allowed to borrow items pending their full registration, up until the last day of the Late Registration period as set in the Academic Calendar of the College. After this date
only registered faculty members will be allowed to borrow items - this includes instructional materials which are required for use in class.

**Loans**

**MAXIMUM NUMBER OF LOANS**
Users, depending on the patron group to which they belong, have been allocated a maximum number of items, which they may have on loan at any one time.

<table>

**General Guidelines**
Students must be mindful that the library is provided for the purpose of academic study and research. Any conduct that is inconsistent with this purpose or prevents others from the pursuit of this purpose constitutes a breach of the library’s rules.
USER CONDUCT GUIDELINES

i. Eating, drinking and smoking are NOT allowed in the library.

ii. Cellular phones are NOT to be used in the library.

iii. All bags, briefcases, handbags, parcels or other receptacles exceeding 15 inches (10” x 6” x 4”) or 30 cm. (20 cm x 15 cm x 10 cm are to be left in the lockers provided in the walkway between Floor 1 and the cafeteria. These lockers are for library use only.

iv. Students must meet acceptable levels of personal hygiene, in the interests of maintaining a healthy environment for everyone using Library facilities.

v. Laptop computers (on battery power) may be used in the library or along the periphery of the library.

vi. Students MUST show all books, folders and papers in their possession to the Library Security on duty when leaving the library, whether or not the items belong to the library.

vii. Students are not allowed to remove library materials from the library unless they have been legitimately charged out on loan at the Circulation Desk. Attempts to do so would be considered theft and treated accordingly.

viii. The wilful damage of library property, including writing on furniture, cutting/ tearing articles out of books, magazines and newspapers are considered acts of vandalism. Any student found committing such acts will be disbarred from the use of the library.

ix. All library users must be prepared to present the appropriate identification cards entitling them to use the library when asked to do so by library or security staff.

x. Library users wishing to take photographs or make films in a COSTAATT Library must seek permission from the Campus Librarian or Library Director.

Due to limited seating capacity, the library does not accommodate group study.

BORROWING & RETURNING LIBRARY MATERIALS

i. All borrowers must be registered with the library.

ii. All loans must be returned on the due date otherwise overdue fines will be incurred.

iii. Students may use the book deposit at the Circulation Desk instead of waiting in line to return items, and/ place items in the Book Return outside the library after library closing hours.

iv. Students MUST collect a discharge slip for any item returned no later than the day after the item was deposited for return. This slip will be the only proof of return accepted by the library in instances where items are “claimed returned” by borrowers.

v. Students MUST show their student identification cards or proof of registration in order to borrow library materials.

COSTAATT LIBRARY SERVICES is not liable for any personal property left in the lockers or left unattended by patrons in the library.

GUIDELINES FOR COMPUTER USE

Computers and Laptops are to be used for the following:

• Support of instructional activities
• Support of independent study and research
• Search for educational information on the Internet
• Search of COSPAC and online databases

Students may NOT use computers and laptops for the following:

• Visiting sites deemed obscene or pornographic
• Chat rooms - not associated with on-line college courses.
• Students using the computers and laptops must verify enrolment at COSTAATT, by showing their current COSTAATT ID card on request.
• Students must work quietly at all times and only ONE person at a time is allowed to use a computer. Computer group projects MUST be done in the computer laboratories on Level II and NOT in the library.
• Library laptops are only to be used in the library

GUIDELINES FOR USE OF PHOTOCOPY MACHINES

i. For staff-assisted copying, requests for copies must be submitted on the prescribed form at least 1 day in advance of the date for which the copies are required. Requests for rush staff assisted photocopying will NOT be entertained.

ii. Self-Service photocopying is available with the use of a Venda card which can be purchased at the Circulation Desk.

The Student Council would like to extend a warm and “COSTAATTic” welcome to our new additions to the College. We know you have worked assiduously with your preparations on entering the college and we congratulate you on your successful entry. It is our pleasure to walk with you on this new journey where your lives will definitely be transformed! Our goal is to provide a listening ear to your concerns and suggestions as we work hand in hand with administration to create positive changes where necessary for the further enhancement of the College. We assure you that your experience at COSTAATT will be nothing less than life changing and will further equip you with the necessary competencies in preparation for your career path.

We thank you for choosing COSTAATT and wish you success. We look forward to meeting each and every one of you.
Dear New Students:

The COSTAATT Alumni Association would like to welcome you to the COSTAATT family. We are thrilled that you have chosen to join us for such an important part of your lives. Whether you are just starting your college career, or pursing studies to enhance your profession, this is definitely a great time to join the College.

An alumnus is one of the many titles that you will bare and it is also a title that lends definition to your life in many respects. The word itself is derived from the Latin verb alere, “to nourish,” and literally means “nourished ones.” During your time here, you will have many nourishing experiences while earning this meaningful title.

We can assure you that the education you will receive here will shape how you engage, interpret and act in the world around you. The experiences that you will undergo, will transform your life, contribute greatly to the development of your character, propel you to a greater level of independence, and prepare you to deal with life’s twists and turns.

COSTAATT has a proud tradition of excellence. We encourage you all to think about how you can contribute to and share in this tradition, as well as how you can continue to do so by becoming members of the Alumni Association even before graduation.

The Association’s mission is to develop and strengthen the lifelong relationship between alumni and the College through active participation in college affairs, and to promote COSTAATT in the wider community. Membership in the Alumni Association provides unique opportunities to network with fellow graduates and to contribute positively to the on-going life of our College.

We wish you the best on the next leg of your journey. As you follow your dream, you can count on the support of the Alumni Association and the Alumni Relations Office.

Again, we welcome you.
